Amavasyant Calendar

Goal

The goal of Austin Hindu Temple is to promote and practice ideals of Hinduism and Hindu Religion through Worship, Education and Teaching.

Important News Update

Dear Devotees and AHT Supporters,
Hari Om! Happy New Year!!

We are excited to provide an update to the community on the occasion of the New Year 2013. With the Almighty's blessings and your support, we are happy to report that construction has started on the Main temple. At this rate, we are planning on doing Kumbhabhishekam during the first week of June 2013. Please mark your calendars for this landmark occasion.

It is our privilege to report that we are making progress on the Phase II development as per the original plan envisaged in 2004. The Main Temple hall alone is planned to be of 10,000 sq ft in area, with 5,000 sq ft of court yard. This should support the great growth we have seen in Austin Hindu community. Kudos to the visionaries who foresaw the growth in Austin! We have chosen "Padmashree" Muthiah Stapathi as our Main Temple Stapathi. Under his guidance, all the deities are to be scheduled for delivery in time for the Kumbhabhishekam.

This is a very critical and important phase of the project. A project of this magnitude needs your encouragement, blessings and support. Austin has tremendous potential and people believe in the vision of Austin Hindu Temple.

We're very confident that the community will come forward to help and support the Phase II - Main Temple Project with open hands and hearts, timely donations and sponsorships, as they have in the past. God willing and with your commitment and support, we shall have the Main Temple dedicated to the Austin Hindu Community in 2013. Please support AHT generously.

We are very grateful for your support and look forward for your continued support throughout this endeavor of building the Main Temple. May the Almighty Lord bless you, your family and the Austin community!

With Humble Regards,

SAM KUMAR, Chairman of Board of Trustees
MURALI BALIJEPALLY, President of Executive Committee

Temple Timings

Weekdays

9:00AM - 12:00 Noon; 5:30PM - 8:30PM

Weekends and Holidays

9:00AM - 8:30 PM

Fund Raising

We are glad to inform you that with your generous support, AHT started the Main Temple Project. Main Temple has Lord Shiva & Lord Vishnu as Moola Vighras. In addition, the Main Temple includes Raja Rajeshwari Devi, Sri Jagannath Parivar, Durga Devi, Saraswathi Devi, Sri Subhramanya Parivar, Parvathi Devi, Maha Lakshmi Devi, Andal Devi, Sri Krishna Parivar, Sri Rama Parivar. Lord Hanuman Vighraha will be

installed in the Main Temple courtyard. Sri Shridi Sai Baba will be installed in the GuruMandir. AHT plans to complete this \$3million Project by 2013.

As part of the Main Temple Capital Campaign, a limited number of Vighraha Sponsorships are available. There will be multiple sponsors for each Vighraha to allow for more participation. Vighraha Sponsors can participate in the Vighraha Pratishtha Pujas for the Vighraha/Parivar during the Main Temple Kumbhabhishekam. Main Temple Founding Sponsorships are also available to help support this project. \$1000 and above donors will be permanently recognized on the Main Temple Wall of Donors.

To sponsor and support the Main Temple, please visit www.AustinHinduTemple.org or contact the Fund Raising volunteers at FundRaising@AustinHinduTemple.org

God Bless You.

AHT Fund Raising Team

Pooja Sponsorship

AHT has weekly & monthly Poojas, Abhishekam programs; please refer the last page for the detailed schedule of our monthly, weekly poojas. Devotees are encouraged to sponsor for these events on a yearly basis. On the pooja/abhishekam day, priests will perform sankalpam in the name of devotee and perform the pooja/abhishekam. For example, if a devotee chooses to sponsor for Ganapathi Abhishekam, every Sunday morning, Abhishekam will be done to Lord Ganesha in devotee's name for the next one year.

Gurukulam

Kid's Weekend School for Knowledge and Dharma

(A division of Austin Hindu Temple and Community Center)

Gurukulam School of Knowledge and Dharma

Gurukulam creates an environment where children imbibe the Hindu tradition and culture through a structured and age-appropriate syllabus. The school follows a graded and a diverse curriculum which includes Dharma, Language and Arts classes, aimed for children in the age group 5-12 years. Children are taught ethics and principles of Dharma in an engaging way, help them make correct decisions in their life. The class atmosphere is fun and encourages questions and imagination. Dharma classes include stories, shlokas, activities, games, yoga and bhajans. Language classes are offered in Sanskrit, Hindi, Telugu and Tamil. Arts classes consist of Bharatanatyam, Carnatic Violin and Carnatic Vocal.

Gurukulam conducts teen classes for pre-high school and highschool going students. In these classes we discuss Dharmic life in today's world, Meditation and its significance, Bhagawad Gita and its importance in today's life and general misconceptions about Hinduism.

Gurukulam classes are conducted during three semesters, Spring (January - May), Summer (June - July) and Fall (August - December). For more information, please visit Gurukulam website (www.austingurukulam.org) or contact the coordinator at info@austingurukulam.org or 512-927-0000.

Daily Temple Schedule

Priest Information

Pt. Krishna Kumar Sripada

Pundit Krishna Kumar Sripada joined AHT family in Feb-2007. He hails from a family of priests in Andhra Pradesh, India. Punditji speaks fluent Hindi, Telugu, Sanskrit and English. He was teaching Vedas and Sanskrit in the Maharshi Mahesh Yogi University for few years. He has over 12 years of experience in performing of various vidhis and prathisthanas at various temples in many countries. Prior to joining us he was the Head Priest at the Hindu Mandir in Montreal Canada. His religious training includes Krishna Yajur Veda (Krama Pathi), Jyothisham (Astrology) Panchadasha Karmas etc. His expertise are Prathisthana, Veda Parayana, Sanskrit teaching, discourses in Hindi (Explaining scriptures and teaching) and performing the regular and special events at the temple and at devotees. Sripadaji's wife Smt. Jyoti likes to volunteer at the temple, helping the priests. They are blessed with a 2 year old son. He can be reached at Email : sripadaji@yahoo.com Phone: (512) 939-0086

Pt. K.R.P. Varadharajan

Pundit Ranganathan Varadharajan joined AHT in Oct-2008. He comes from an Orthodox Vaisnava Brahmin family. Before coming to west, Varadharajan served as Rigveda Adhyapakar for four years in Shri Chandrasekharendra Saraswati Veda Vidya Peetha at Nerul, Mubai. Varadharajanji has extensive education and training lasting over 12 years in Raja Veda Kavya Patasala at Kumbakonam and Tirupathi Veda Patasala. Even he is specialized in Vaisnava traditions, he is quite knowledgeable with Shaiva and other traditions. With his very pleasing personality, Varadharajanji has earned many admirers during his stay in Austin. He speaks fluent Telugu, Hindi and some English. Varadharajan is married to Smt. Vaisnavi, he can be reached at: Email : rigvaradu@yahoo.com Phone : (512) 705-4440

Pt. Kameswara Sharma

Sriman Kameswara Sharmaji joined AHT family in Nov-2010. Prior he served in similar capacity in the Hindu Temple of Arizona and Iowa for over 3 years. Kameswaraji hails from a family of Vedic pundits in Rajmahendry, Andhra Pradesh, India. At a young age of nine he joined the local veda pathasala. After five years, he moved to Srisailem Sankar Veda Pathasala, Vedapalli, where he studied Krishna Yajurveda, Smartha (karmakandas) traditions for four more years. After completing his education he moved to Nagpur, Maharastra where he practiced all karmakandas under the guidance of his Guru Srinivas Gopal Murthy. He also worked in Allahabad, Uttar Pradesh Before coming to USA in 2007. Kameswaraji is proficient in English, Hindi and Telegu (mother tongue). With his gentle demeanor and friendly smile, Kameswaraji has already won many hearts. He can be reached at Email : cvakvsharma@gmail.com Phone: (512) 466-1789

Pt. Sidhartha Dev Sarangi

Sidhartha Dev Sarangi joined Austin Hindu Temple as a priest on July 2nd 2012. Sidharthji served in the same capacity at various temples in Canada from February 2008 till June 2012. Punditji is a 1996 alumnus of Maharshi Veda Vignyan Vidyapeetham, Noida (UP) with specialization in the Sama Veda. After completion of his rigorous training and education he served as a Vedic Acharya in Shri Badribhagat Veda Vidyalaya in New Delhi and then in his alma mater for 8 years. At age 12 Sidharthji moved to Delhi from his native state of Odisha for further education in his chosen field. Because of his years of training and experience, Sidharthaji is well versed with both North and South Indian traditions of various Vedic samskaaras and rituals. Punditji is blessed with a very good voice and loves to sing bhajans. He is also very fluent in Hindi, English and Sanskrit (with his mother tongue being OdiA). Punditji is married to Mrs Sonali Sarangi and has a young son named "Debesh". We hope that with his vast experience, Sidharthji will be an asset to the Austin Hindu Temple community. Amavasyant Calendar

ॐ वक्रतुंड महाकाय कोटिसूर्यसमप्रभ निर्विघ्नं कुरु मे देव सर्वकार्येषु सर्वदा॥

We are pleased to release the 2013 calendar based on Hindu dharma shastra and drika siddhanta. This calendar is specially prepared for the Greater Austin area, and it may not be applicable in other parts of the world. All time presented here is adjusted for Daylight Saving Time.

People usually align the Hindu festivals with the English dates based on the Indian calendar. They think that if an Indian calendar says "Janmashthami" on a certain date, say September 2nd 2010, then it will appear as September 2nd everywhere in the world. The USA is 10:30 to 15:30 hours behind India, so some people will think it will also come the next day in the USA, i.e. September 3rd 2010. They also argue that their family priest in India has told them to celebrate on this particular date and according to him the Indian calendar will apply to all places in the world. This is a completely wrong assumption. If the Earth was flat then you can use Indian calendar everywhere as sunrise sunset will happen all places equally. We won't have any timezones and the world will have only one timezone. Surya Siddhanta, Maharishi Vashistha, Bhaskaracharya taught us to prepare the panchangam based on the longitude, latitude of the place you live for these reasons you cannot bring a calendar from India and use abroad.

The English date and changes at midnight; whereas the Hindu date (or Tithi) and day does not change at midnight. Hindu day changes at Sunrise. All days are from one Sunrise to another Sunrise. Sunday will start at one Sunrise and end at the next Sunrise. The Hindu date – the Tithi changes depending on the position of the Sun and Moon. It can change anytime between two Sunrises. That is to say that if Prathama Tithi ends today at 23:02 it does not mean that Dwitiya Tithi will end tomorrow at the same time. It can end at 18:00, 18:09 or later.

Tithi: In the lunar calendar the Moon takes a month for each revolution around the Earth. The lunar calendar is divided into two groups called Pakshas. The first one is called Krishna Paksha (or dark fortnight) or waning moon. The second is called Shukla Paksha (or bright fortnight) or waxing moon. Each Paksha is divided into 15 Tithis. The first 14 Tithis are the Sanskrit numbers from 1 to 14 (Prathama, Dwitiya etc). The 15th Tithi of Shukla Paksha is Poornima (full Moon) & the 15th of the Krishna Paksha is Amavasya (Moon is not visible as it is closest to the Sun).

Lunar Month: A lunar month consists of 30 Tithis and each Tithi then corresponds to the time taken by the Moon to move 12 degrees with respect to the Sun. Krishna Paksha Tithis are in the darker color and Shukla Paksha Tithis are mentioned in the red color. Names of lunar months are Chaitra, Vaishakh, Jyestha, Ashadha, Shraavana, Bhadrapada, Ashwayuja, Kartika, Margasira, Pushya, Maha, and Phalguna.

Solar Month: A solar month begins when the Sun leaves one rasi and moves into the next. The solar month names are based on 12 signs, they are Mesha, Vrishbha, Mithuna, Karka, Simha, Kanya, Tula, Vrischika, Dhanush, Makara, Kumbha, and Mina. This system is widely used in Tamilnadu, Kerala, West Bengal, Orissa, Punjab and Assam.

Nakshatra: The path of the moon around earth is divided into 27 segments or Nakshatras. A nakshatra changes when the moon leaves one of these 27 segments and enters the next. Nakshatras are in *italics*. They are Ashwini, Bharani, Kritika, Rohini, Mrisgashirsh, Ardra, Punarvasu, Pushya, Ashlesha, Poorva, Poorva Phalguni, Uttara Phalguni, Hasta, Chitra, Swati, Vishakha, Anuradha, Jyestha, Moola, Poorva Shadha, Uttara Shadha, Shraavan, Dhanishtha, Shatabhisha, Poorva Bhadra, Uttara Bhadra and Revati.

Timings listed in the Calendar: The Tithi & Nakshatra times indicate a time when the Tithi or Nakshatra ends. The Panchanga uses the Vedic definition of a day, i.e., A day starts with Sunrise and ends with the subsequent Sunrise. Thus, a Tithi with a time of 29:00 indicates that the Tithi ends past midnight but before the next Sunrise at 5:00 AM (29:00 – 24:00) on the next calendar day. Hence 24:00 means 00:00 hours of the next day, 25:00 means 1:00 AM of the next day, and 29:00 means 5:00 AM of the next day. This is standard time notation for any Panchangam. The time for Sun's samkramana is when Sun will enter that rasi or sign on that day. e.g. Makara 4:36 means Sun is entering Makara rasi at 4 hour 36 minute. All other times are the ending times.

Rahukalam / Sunrise / Sunset Table: This calendar has rahukalam, sunrise & sunset table as well. These are calculated for Greater Austin area.

How festival dates are determined? The usual rule to observe a festival is to check the Tithi prevailing at the Sunrise. Each festival has different rules. For example Ganesha Chaturthi has to be observed when the

Chaturthi Tithi is observed during the 8th/15th part of the dinmana. The dinmana is the difference between local Sunset and Sunrise. If Chaturthi is not prevailing during that period then take the second day.

For example, if one Tithi is observed at moonrise in India it may or may not exist during moonrise on the same day in a different part of the world. If you are in America then it will be observed on previous day or the next day if you are in Japan, Fiji, Australia and other countries. For example if a total lunar eclipse is visible in India at 5:00 AM it will happen on the previous day in the USA. For these reasons Indian Panchangam you bring from India cannot be used outside of India.

Uttarayana / Dakshinayana: The season occur based on earth's position around the Sun. This is due to Earth's tilt of 23.45 degrees. The Earth circles around Sun with this tilt. When the tilt is facing the Sun we get summer and when the tilt is away from the Sun we get winter. Because of this tilt it seems like the Sun travels north and south of the equator. The Uttarayana is the Sun appearing to move north. The Dakshinayana is the Sun appearing to move towards South. This causes rise to seasons and dependent on equinoxes and solstices.

There is a common misconception that Makar Samkranti is the Uttarayana. This is because at one point in time Sayana and Nirayana Zodiac were same. Every year equinoxes slides by 50 seconds due to precision of equinoxes, giving birth to Ayanamsha and causing Makar Samkranti to slide further. As a result if you think Makar Samkranti is Uttarayana then as it is sliding it will come in June after 9000 years. However Makar Samkranti still holds importance in our rituals as a Samkranti. All Drika Panchanga makers will use the position of the tropical Sun to determine Uttarayana and Dakshinayana. Hence January 14th isn't Uttarayana. Actual Uttarayana occurs on December 21st/22nd of every year. For more details please visit <http://www.mvpanchang.com> or write to shastriji@mvpanchang.com.

About myPanchang.com: myPanchang.com is the leading panchang maker providing the most accurate panchangam in English and various Indian languages and panchangam for over more than 394 cities all over the world based on highly accurate driga ganitha or thiruganitha. Most temples in the world rely on myPanchang.com for accurate Panchang data and festival observance times. Please visit myPanchang.com for more details. If you have any questions about confusion about any festival please contact myPanchang.com

Notes: To find auspicious time one need to avoid inauspicious times like RahuKalam, Yamagandam, Gulikai, Durmuhurtham and Varjyam times. Abhijit Muhurtha and Amritkalam times are good times. If the times in Abhijit muhurtha and Amritkalam times are overlapped by inauspicious times we need to remove inauspicious times and use only auspicious times, after removing inauspicious times from Abhijit muhurtha and Amritkalam times.

- Sri Satyanarayana Pooja is performed at temple on every Poornima – Evening during weekdays, Morning during weekends
- Ganapati Abhishekam is performed at temple on every Sankata-hara chaturthi (morning on weekends & evening during weekdays)
- Rudrabhishekam is done on every Krishna-Pradosham.

Notes: To find auspicious times one needs to avoid inauspicious times like Rahukalam, Yamagandam, Gulikai, Durmuhurtham and Varjyam. Auspicious Muhurta times are Abhijit and Amritkalam. If Abhijit and Amritkalam times are overlapped by inauspicious times we need to remove the overlapping inauspicious times and use only the remainder auspicious times.

- Sri Satyanarayana Pooja is performed at temple on every Poornima – Evening during weekdays, Morning during weekends
- Ganapati Abhishekam is performed at temple on every Sankata-hara chaturthi (morning on weekends & evening during weekdays)
- Rudrabhishekam is done on every Krishna-Pradosham.

Notes: To find auspicious times one needs to avoid inauspicious times like Rahukalam, Yamagandam, Gulikai, Durmuhurtham and Varjyam. Auspicious Muhurta times are Abhijit and Amritkalam. If Abhijit and Amritkalam times are overlapped by inauspicious times we need to remove the overlapping inauspicious times and use only the remainder auspicious times.

- Sri Satyanarayana Pooja is performed at temple on every Poornima – Evening during weekdays, Morning during weekends
- Ganapati Abhishekam is performed at temple on every Sankata-hara chaturthi (morning on weekends & evening during weekdays)
- Rudrabhishekam is done on every Krishna-Pradosham.

Please contact AHT for more details or if you want to participate

Disclaimer: For any changes in Pooja timings/events please contact AHT at 512-927-0000 or visit temple website: www.austinhindutemple.org

**Magha - Phalguna
Kumbha – Mina
Maasi – Phanguni**

SUN	MON	TUE	WED	THU	FRI	SAT
31	<p>Shivratri is the night when Lord Shiva is said to have performed the Tandava Nritya or the dance of primordial creation, preservation and destruction. According to the Puranas, during the Samudra Manthan, a pot of poison emerged from the ocean. The gods and the demons were terrified as it could destroy the entire world. When they ran to Shiva for help, he in order to protect the world, drank the deadly poison but held it in his throat instead of swallowing it. Shivratri celebrates this event by which Shiva saved the world.</p>				1	2

Notes: To find auspicious times one needs to avoid inauspicious times like Rahukalam, Yamagandam, Gulikai, Durmuhurtham and Varjyam. Auspicious Muhurta times are Abhijit and Amritkalam. If Abhijit and Amritkalam times are overlapped by inauspicious times we need to remove the overlapping inauspicious times and use only the remainder auspicious times.

- Sri Satyanarayana Pooja is performed at temple on every Poornima – Evening during weekdays, Morning during weekends
- Ganapati Abhishekam is performed at temple on every Sankata-hara chaturthi (morning on weekends & evening during weekdays)
- Rudrabhishekam is done on every Krishna-Pradosham.

Please contact AHT for more details or if you want to participate

Disclaimer: For any changes in Pooja timings/events please contact AHT at 512-927-0000 or visit temple website: www.austinhindutemple.org

**Chaitra - Vaishakha
Mesha - Vrishabha
Chittirai - Vaikaasi**

SUN	MON	TUE	WED	THU	FRI	SAT
<p>Akshaya Trithiya, or Akha Teej, is a highly auspicious day. As per Hindu astrology and almanac, each second on the Akshaya Trithiya day is auspicious. It is said that there is no need to look for a 'muhurat' on the day. The word Akshaya means 'that which never diminishes' and the day is ideal for beginning new ventures as it is believed that all investments on this day appreciates. The Pandavas received the Akshaya Pathram from Lord Krishna on this day.</p>			1	2	3	4

Notes: To find auspicious times one needs to avoid inauspicious times like Rahukalam, Yamagandam, Gulikai, Durmuhurtham and Varjyam. Auspicious Muhurta times are Abhijit and Amritkalam. If Abhijit and Amritkalam times are overlapped by inauspicious times we need to remove the overlapping inauspicious times and use only the remainder auspicious times.

- Sri Satyanarayana Pooja is performed at temple on every Poornima – Evening during weekdays, Morning during weekends
- Ganapati Abhishekam is performed at temple on every Sankata-hara chaturthi (morning on weekends & evening during weekdays)
- Rudrabhishekam is done on every Krishna-Pradosham.

Please contact AHT for more details or if you want to participate

Disclaimer: For any changes in Pooja timings/events please contact AHT at 512-927-0000 or visit temple website: www.austinhindutemple.org

Notes: To find auspicious times one needs to avoid inauspicious times like Rahukalam, Yamagandam, Gulikai, Durmuhurtham and Varjyam. Auspicious Muhurta times are Abhijit and Amritkalam. If Abhijit and Amritkalam times are overlapped by inauspicious times we need to remove the overlapping inauspicious times and use only the remainder auspicious times.

- Sri Satyanarayana Pooja is performed at temple on every Poornima – Evening during weekdays, Morning during weekends
- Ganapati Abhishekam is performed at temple on every Sankata-hara chaturthi (morning on weekends & evening during weekdays)
- Rudrabhishekam is done on every Krishna-Pradosham.

Please contact AHT for more details or if you want to participate

Disclaimer: For any changes in Pooja timings/events please contact AHT at 512-927-0000 or visit temple website: www.austinhindutemple.org

Parvati created Ganesha out of sandalwood paste and breathed life into the figure. She then set him to stand guard at her door while she bathed. However, while she bathed, Lord Shiva returned and as Ganesha didn't know him, he didn't allow him to enter. Lord Shiva became enraged and severed the head of the child and entered his house. After realizing that he had beheaded his own son, Lord Shiva fixed the head of an elephant in place of Ganesha's head.</p>

This happened on the shukla ekadasi during the sun's journey in the Dhanur rasi. Impressed by the act, Lord Vishnu gives her the boon that those who worship Ekadashi on the day of her victory over Muran would reach Vaikunth.		Arudhra Darshan celebrates the cosmic dance of Lord Shiva, which is represented by the Nataraja form. Arudhra signifies the golden red flame and Shiva performs in the form this red-flamed light.	

Differences in Festival dates between India and USA

Pundit Mahesh Shastriji

Panchang Ganitha and Siddhanta
mypanchang.com

The Indian Calendar/Panchangam is used everywhere where Hindu people live. I even see people posting, "I want pambu Panchangam, but I live in the USA and it is not available". The question then arises: "Can Indian Panchangam be used outside of India?". **If you think the Earth is flat then you can use your favourite Indian panchangam/calendar outside of USA. But if you agree with Varahamihira and Aryabhata, and other scientists that the Earth is round then you will not use your favourite Indian panchang/calendar outside of India. Please read why.**

People usually align the Hindu festivals with the English dates based on the Indian calendar. They then think that if an Indian calendar says "Janmasthanam" on a certain date, say September 2nd 2010, then it will appear as September 2nd everywhere in the world. The USA is 10:30 to 15:30 hours behind India, so some people will think it will also come the next day in the USA, i.e. September 3rd 2010. They also argue that their family priest in India has told them to celebrate on this particular date and according to him the Indian calendar will apply to all places in the world. This is a completely wrong assumption.

The English date and day (Sunday, Monday, Tuesday etc..) changes at midnight; whereas the Hindu date (or Tithi) and day does not change at midnight. Hindu days change at Sunrise. All days are from one Sunrise to another Sunrise. Sunday will start at one Sunrise and end at the next Sunrise.

The Hindu date (or Tithi -- depending on the position of the Sun and Moon at any given time) changes as celestial bodies move. It can change anytime between two Sunrises. That is to say that if Prathama Tithi ends today at 23:02 it does not mean that Dwitiya Tithi will end tomorrow at the same time. It can end at 18:00, 18:09 or 28:27 (anytime after 24 means after midnight but before the next Sunrise).

Now what's the Hindu date (Tithi)? It is simple. A Tithi is a lunar day, or the time it takes for the longitudinal angle between the Sun and the Moon to increase by 12°. Tithis begin at varying times of day and vary in duration from approximately 19 to 26 hours. So the maximum distance between the Sun and the Moon can be 360 degrees. If you divide them by 12 degrees giving you 30 equal parts. This means that we have 30 dates in the Hindu calendar divided between the bright half (Shukla Paksha, Waxing Moon), and the dark half (Krishna Paksha, Waning Moon).

Panchangam contains two types of calculations. One is based on the local coordinates like longitude and latitude (Sunrise, Sunset, Moonrise, Moonset, etc), and the other is based on geocentric planetary positions. Sunrise, Sunset, Moonrise, Moonset times are always calculated for each and every place on the Earth. Local Sunrise, Sunsets are used to find the daily Rahukalam, Yamagandam, Gulikai, and Durmuhurtham times.

The other set of calculations are calculated from the center of the Earth (geocentric). The positions of heavenly bodies are calculated from the center of the Earth and hence they are geocentric. The planetary positions are first calculated from the center of the Sun (heliocentric) and then using the spherical trigonometry they are converted to the center of the Earth (geocentric). The Tithi, Nakshatra, Yoga, Karana and daily planetary positions are based on the positions of the Sun and Moon in the heavens and they are part of the astronomical phenomenon. These are astronomical phenomenon which happens instantaneously at the same moment on Earth, and hence the Tithi and Nakshatra will end at the same time all over the world. We have to, therefore, convert them to the local standard time of the specific country of interest. When an eclipse occurs and is visible all over the world, the time of occurrence is converted into each country's local time zone. The planets do not wait for Sunrise or Sunset at the particular place. They just keep moving, like Earth is moving around the Sun.

These planetary positions of the Sun and the Moon are computed based on the local time (longitude, latitude) converted to the Universal Time. The Tithi end time is also calculated in the Universal Time which is then converted to the local time of the place. The planets are calculated from the center of the Earth and their positions at the given time will be the same all over the world. In the same way, whenever any celestial event occurs we need to convert it to our local time zone. Indian Panchang makers convert this to Indian time. The same way we need to convert it to our time zone for America (PST/PDT, CST/CDT, MST/MDT, EST/EDT). After adding the time difference we get the resulting English date and time when they end. Hence, when the calendar is made for India the date they mention is when that Tithi will end as per the English date in India. If we take the same date and time use it anywhere in the world as it is then we will have wrong results.

For example: On October 17th 2008 the Ashwayuja (Ashwin) Krishna Paksha/ Poornimant Kartik Krishna Paksha Tithi Tritiya ends at 16:39:21 Indian Standard Time, and Chaturthi starts. That means at 16:00 hours there is Tritiya still prevailing in India. Now on October 17th 2008 in Seattle, WA at the 16:00 hours we won't have Tritiya at that time. We already have Chaturthi started. Planets keep on moving.... 13 hours have passed and the position of Sun and Moon have changed. So what time will Tritiya end in Seattle? The time difference is 13 hours 30 minutes (with one of our Daylight Saving Time it gives the difference of 12 hours 30 minutes from IST). So, let's subtract 12 hours 30 minutes from the 16:39:21. That gives us 04:09:21 AM on October 17th. So on October 17th after that time we'll have Chaturthi Tithi and before we have Tritiya. The same way if Tithi ends at 8:39 AM on September 12 in India it will end at 20:09 PM on September 11th in Seattle. The same way Western Australia is 8 hours ahead of GMT and hence the Chaturthi will end there at 12:09 PM on September 12th. The planets do not wait for the appropriate Tithi to arrive on some English date at any location in the world. If it did we would not have any days and nights (if it were to happen then celestial bodies would remain static in sky). The Earth is round and it keeps moving, so we have days and nights. It does not wait for Tithi or festivals. Time never waits for anyone. It goes on. The Sun does not rise instantly at the same time all over the world. Hence we need to convert the Tithi, Nakshatra, Yoga, and Karana time to local standard time. Now we know what time a given Tithi ends, so now it is time to decide festival dates for each region.

How festivals are determined? The usual rule to observe a festival for a particular day, check which Tithi prevails at that Sunrise. Each festival has different rules of observance. For example: Ganesh Chaturthi. Sankathara (Sankshathi Chauth) Chaturthi, Janmashtami, Mahashivaratri, Karwa Chauth, etc... For example Ganesh Chaturthi has to be observed when the Chaturthi Tithi is observed during the 8th/15th part of the dinmana or the 3/5th part of the dinmana. The dinmana is the difference between local Sunset and Sunrise on the same day. If Chaturthi is not prevailing during that period then take the second day. Likewise for the Karwa Chauth and the Sankathara Chaturthi the Chaturthi Tithi must be prevailing during the moonrise time, if it does not prevail then take the day where it prevails during the sunrise. Rules to determine Shradha Tithi are different.

For example, if one Tithi is observed at moonrise in India it may or may not exist during moonrise on the same day in a different part of the world. It may be very well observed on the previous day if you are in America or the next day if you are in Japan, Fiji, Australia and other countries. America is behind India in terms of time. To arrive at the time in India we need to subtract the time from Indian time and hence festivals could arrive a day early in USA but not later. For example if a total lunar eclipse is visible in India at 5:00 AM it will happen on the previous day in the USA.

For these reasons Indian Panchangam you buy in India cannot be used outside of India.
